This is to certify that Mr. Aadil Kazi, with Emp ID 2267350 is presently working with TCS and has been employed with the organization since 25-Apr-2022. We are aware that Mr. Aadil Kazi has applied for the BITS Pilani M.Tech in Software Engineering for working professionals.

This is to certify that our organization supports and willingly participates in this cooperative effort for conducting the work-integrated learning programme. We feel that this programme will be useful to the employees for their growth and also for our organization.

We are willing to participate in this educational process also by nominating a qualified senior professional from our organization /associate organization who will agree to act as a mentor and resource person for strengthening work-study integration. In case we are unable to provide mentor from our organization /associate organization, we in principle approve the selection of mentor from another organization as per the requirements of BITS Pilani.

Hi Abhay,

Greetings,

I am Aadil Kazi. I'll be soon allocated to JLR account.

I'm writing this email in regards to my Work Integrated Mtech program in BITS Pilani.

I wish to pursue Work Integrated Mtech from BITS Pilani in Software Engineering. For this, I need a mentor from TCS and approval from my HR.

I have already asked [@Kiran Mahangade](#) sir who is also my supervisor for JLR account to be my mentor and he has approved it. I require an HR approval from your side for the same.

Please note that this course is being done and funded entirely by me and TCS will not be involved in any way other than mentoring me.

Request you to kindly accelerate the process as I have finally managed to save enough funds to pursue my Mtech and I have been chasing on this topic since 20th May and coming Saturday is the last date for admission. If the last date is missed, my Mtech will be postponed by an entire year.

Please find below the details of the course:

Course name: Work Integrated Mtech in Software Engineering  
University: BITS Pilani  
Course Duration: 2 years  
Classes would be conducted on weekends

I have also attached the course brochure and the template format for email approval for HR for your reference.

Request you to kindly accelerate and provide the necessary approval.

Thanks and regards,  
Aadil Kazi

Hi Sairam,

In GESS, my HRBP shows as Saachi Kinger.

I wish to do Work Integrated MTech in Software Engineering from BITS Pilani for which I require an approval from HR. I have already shared all the details required and [@Kiran Mahangade](#) sir will be mentoring me in my Mtech course.

I had already shared all the required course details with [@Ankita Seth](#) as it was informed to me that she is my HR.

Request you to please kindly provide the necessary approval as the last date for admission is in less than 4 days and I have been chasing on this topic for more than 2 weeks now.

I have attached the format of approval requested by the University and course brochure.
